The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

- **A base camp location must be identified and listed on the film permit. The standard residential hours and notification requirements apply to all base camp areas.** Any request for an extension of the standard hours require affected residents be surveyed.

- **If a production company is parking at the First Christian Church of North Hollywood lot, porta-potties and generators must be parked in designated areas that are closest to the church and away from residential buildings.** *Production companies will be required to have an off-duty or retired officer to ensure traffic safety and assist in entering and exiting of vehicles out of the lot. - **Trash and refuge must be removed from the area immediately after filming activities are completed each day.**

Monitor will be assigned to encourage compliance with the permit and conditions.** The Monitor will generally arrive at the designated location 1 hour prior to the permit start time to note proper arrival time and remain with the production company during all filming-related activities and ensure proper departure time.
